I am a Computer Science (Multimedia) graduate from Universiti Putra Malaysia (UPM) with a strong academic background and practical experience in system development and administrative tasks. I am currently working as an Information Technology Officer Assistant at UKMSHAPE, Universiti Kebangsaan Malaysia, where I help with system development, testing, user support, and maintenance. Previously, I worked at WAZAN UPM, where I gained useful experience in zakat management and operational processes. I am motivated to apply my skills, learn new things, and contribute positively to any organization I join.

WORK EXPERIENCE
